Subject: Carson City Catalytic Converter Etching Service

Hello Sir,

I am reaching out to you and Falcon Tow because we are planning on having a Catalytic Converter Etching service next to Carson City Hall along with the City of Carson on Saturday March 5, 2022, from 10am-12:30am. I understand Falcon Tow has assisted us in the past regarding these events. Please let me know if you are able to assist us this year in providing at least two tow trucks that can lift up vehicles in order to gain access to their undercarriage to etch their catalytic converters. Our Sheriff's auto theft team will also be present on the day of the event to assist and provide guidance in the operation if needed.

Respectfully,

Sergeant Armando Hernandez #504664
